## kik, left-pad, and npm

- ▶ Earlier this week something happened that broke many things...
- ▶ A package many projects depend on either directly or indirectly was part of a dispute due to it's name.
- ▶ Event is significant on many notes.
- ▶ Here's what happened.

## NPM sends the Internet in a tizzy

- ▶ Azer Koçulu and Kik correspond over the use of the module name `kik`.

## NPM sends the Internet in a tizzy

- ▶ Azer Koçulu and Kik correspond over the use of the module name `kik`.
- ▶ They did not come to an agreement and Kik asked NPM org to step in.
- ▶ Azer deletes his account and unpublishes his packages.
